### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Claims 1-21, 42-51, are allowable over the prior art of record (U. S. Patent No. 6,787,415 (Chung et al)) because the prior art of record does not disclose that the pedestal of the non-volatile memory cell physically contacts two of the conductive lines while the conductive lines are insulated from each other. Claims 22-41, and 52, are allowable over the prior art of record (U. S. Patent No. 6,787,415 (Chung et al)) because the prior art of record does not disclose that two of the conductive lines physically contact the pedestal and that further processing of the first layer results in the two conductive lines being insulated from each other.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
